

Tonight by LAURIA

Let me be real for one second

You make me feel right with no reason

You make me feel so real nah

With everything I feel nah

I wanna feel the beat when we're dancing

I don't care about all the talking

'Cause you make me feel so real nah

With everything I feel nah

I wanna have you right next to me

I wanna hold you tight unto me

I wanna make you feel alright, baby

'Cause everyday since the first time I met you

Got me into the light, it's only us two

Got me feeling just fine when I whine on you

Take me down on the beat yeah you know I like yeah yeah

Take me down so I just remember tonight yeah yeah

Take me down whine with me, moon shine so bright yeah yeah

Take me down so I just remember tonight yeah yeah

Kiss me on my neck so I know you're feeling that

Take me to a dark room so I can feel you back

You got the keys to the sky so take me high

Higher next to you

Nobody is watching so quick take the picture

When you love me, I give you no pressure

You know that I love the way you go under

Je me perds dans toi quand tu me prends tout bas

J'te cris : « encore une fois » mais tu dors déjà

Comment tu me fais danser, je ne peux pas

Arrêter, s'est lancé, on y va

Take me down on the beat yeah you know I like yeah yeah

Take me down so I just remember tonight yeah yeah

Take me down whine with me, moon shine so bright yeah yeah

Take me down so I just remember tonight yeah yeah

I wanna have you right next to me

I wanna hold you tight unto me

I wanna have you right next to me

I wanna hold you tight unto me

Take me down on the beat yeah you know I like yeah yeah

Take me down so I just remember tonight yeah yeah

Take me down whine with me, moon shine so bright yeah yeah

Take me down so I just remember tonight yeah yeah
