

I Got Me by LAURIA

He left me a note on my bed
Telling me it's over like this
Never knew how little he cared
Guess it was never really fair
And now I'm left alone
All the things around me are my own
And I just realize
Got everything I need to smile

I got me, I'm okay
He's already fading away
I'll survive the biggest lie
He should see me getting by
I got me, I got me, I got me

He thinks I'm crying now
Regretting the time he was mine
Haha but boohoo to you
I mean, if you only knew
And now I'm in peace with myself
Got my fingers up sending you the deuces
'Cause I just realized
Got everything I need to smile

I got me, I'm okay
He's already fading away
I'll survive the biggest lie

He should see me getting by
I got me, I got me, I got me

You know I'm fine, you know I'm cool
You I ain't living by the rules
I don't care 'bout this no more
I'm just not what you're looking for
You know I'm fine, you know I'm cool
You I ain't living by the rules
And I know
I'll be fine with me alone

I got me, I'm okay
He's already fading away
I'll survive the biggest lie
He should see me getting by
I got me, I got me, I got me
